Also D will be scrutinising the new Shell History (out on 5 July) and doubtless making all sorts of new allegations based on it. I hope to get a copy in a few weeks.

We had previously hoped that with AD getting older, his interest might wane ... but it looks as though JD is just as determined. So we need to revisit our approach. I'd be keen to be a bit more robust - but nevertheless, it is clear that his site doesn't have a lot of credibility with the responsible media, so is really only nuisance value, and we need to be careful that we don't give it credibility by seeming to take it seriously ourselves.
