Subject: FW: :Donovan Response draft - confidential
Sensitivity: Confidential

Greetings - One of the actions from the teleconference today was that I would alert you to the suggestion from Mr Donovan that a UK newspaper might be running a story this weekend based on material from Donovan relating to North Sea safety allegations. Below is draft proposal re a response statement.

I understand that you have been added to the attendee list for the call on Friday afternoon, which will give you the latest position in advance of the weekend.

Regards
